19. [] LIAISON John Chwartz, in the office of Representative John Breckinridge (D., Ky.), called on behalf of a friend of the Congressman who is an "innovative researcher" in extra sensory perception and wanted to know if CIA was doing any research in ESP. I said I would check and call back. []

20. [] THIRD AGENCY Received a telephone call from [] Office of General Counsel, NSA, who had done a check on the name of an individual given us by Michael J. Hershman, Deputy Staff Director, Subcommittee on International Organizations, House International Relations Committee. Hershman had told us that this individual is an employee of NSA who attended a meeting with the Department of State personnel under circumstances which makes him of interest to the Fraser Subcommittee. [] had checked and found that the individual is not an employee of NSA, rather he works for the Department of State. I thanked [] and called Mr. Hershman, who was most appreciative of our followup.

21. [] LIAISON After consulting with [] SA/DO/O, I made contact with Don Sanders, Senate Select Committee on Intelligence staff, at his temporary office here in the building. I discussed with Mr. Sanders the methodology we would use in the investigation he will conduct into CIA's role [] We reached agreement on all points and, after coordinating with [], I invited Mr. Sanders to attend a meeting in [] office on 5 August for further discussion of Mr. Sanders' requirements.

22. [] LIAISON In accord with [] of our office, instructions, had a courier deliver to Michael Hershman, Deputy Staff Director, Subcommittee on International Relations, House International Relations Committee, two packets of notes from review of files and one transcript of an interview with an Agency employee--all of which were sanitized by DDO.

23. [] LIAISON Met with David Shaw, Senate Select Committee on Intelligence staff, who told me Senator Richard G. Lugar (R., Ind.) hoped to visit the Agency on 23 and 24 August or 24 and 25 August for orientation briefings. Shaw said Bill Miller, Staff Director, Senate Select Committee on Intelligence, had said he would set this up.
